

Dear Pool Professional,

The year 2010 marks the beginning of a new decade, bringing with it the first glimmers of economic recovery. We are also seeing promising social trends that are creating attractive opportunities for the pool industry as a whole and for pool professionals in particular. People are rediscovering the pleasure of time spent at home in the company of family and friends. For your customers, this means renewed pleasure in their backyard pools and increased desire for an enriched yet affordable pool ownership experience.

Pentair can help you satisfy their need to upgrade with the industry's most innovative pool and spa equipment. And for customers who are about to get their feet wet for the first time, Pentair equipment still provides the premier operating and entertainment platform for state-of-the-art new pools.

You'll find evidence of Pentair innovation throughout our catalog. We continue to expand our range of eco-friendly products to save energy, water and maintenance. Our line of variable speed pumps now includes IntelliPro[®] pump with built-in SVRS protection to reduce electric bills and provide an added layer of entrapment protection. And the unsurpassed control capabilities of IntelliTouch[®] automation systems are now accessible with a new iPhone[®] App.

Pentair innovation goes beyond our products. We're also constantly renewing the support we provide to help you build your business and increase your profits.

We hope you are as excited as we are with the possibilities for growth in 2010 and beyond. All of us at Pentair look forward to helping you achieve your sales and profit goals. It truly is our privilege to partner with you in making pool living more exciting, enjoyable and affordable for millions of families each year.

Sincerely,

A handwritten signature in black ink that reads "Carlos DelAmo". The signature is fluid and cursive, with a long, sweeping tail on the final letter.

Carlos DelAmo
Vice President of Marketing

P.S. Dealers, be sure to enter our contest on the back cover of this catalog. You could win this year's Partners Incentive Trip to Los Cabos, Mexico or valuable Pentair merchandise!
